

MYSTIC DRUMZ

presents

BLACK HISTORY MONTH

A Tribute to African Music

Travel back in time and learn about some of the very first African instruments on the planet. In this interactive show children dance across the world to find African and Afro-Cuban percussion instruments and the rhythms that are the bedrock of music today. We explore Nigerian Talking Drums, West African Djembe drums, Ancient Log drums and much much more.

All Ages fun, 45 minutes in length
